MARTIN COLLEGIATE'S ANNUAL 5K RUN 2017

MAY 30

Martin Collegiate is known for its tradition and this event is no different. In 2013 it began with 24 grade 9 boys and with the help of staff and students it has grown into hundreds of participants in grades 9-12! This year we have decided to dedicate the 5th run to raise funds for our bleachers in the gymnasium. Our gym floor is scheduled to be redone this summer and by adding new bleachers it would finally give Martin the opportunity to host major playoff events and hold our growing student body. With the help of the Martin Monarch community our goal is to raise $50,000! This is an enormous goal but we know the capabilities of our staff and students are endless. We are hoping that each student will raise at least $100.00 to achieve our goal.
